This atmosphere of unbelief, this tragic state of man cut off from the very axis which holds and moves everything, has had repercussions on all domains of human activity, including that of art, which in the most significant periods of civilization worked hand in hand with religion - an ennobling and spiritualizing factor in human life. It addresses somebody, that is, creates in the mind of that person an equivalent sign, or perhaps a more developed sign. NDB VI ;. He uses the example of historic black opposition to European colonization to demonstrate how the anticolonial paradigm marks, across the vast expanse of time and geographical distance, a shared history and a desire for postcolonial sovereignty.
