Advances in Cognitive Neurodynamics (III): Proceedings of the Third International Conference on Cognitive Neurodynamics - 2011

Your comment has been added. When this relationship, again understood anthropologically as openness, is at the center of the practice of education then there is an opportunity to resist the replication of coloniality that is not only reflected in the content of education, but within the delivery of education.

The Gospel as Conversation: Texts, Sermons, and Questions for Reflection: A Study Guide

This long-copy campaign for Timberland found compelling ways to describe long-lasting outdoor wear. She stirred in time to the music.
